Certificate of Calibration

This document certifies that the Tel-Tru Gas Actuate Thermometer described below has been calibrated to its specifications by means of calibration equipment that is current and traceable to the National Institute of Standards and Technology (NIST).

Customer: CHICAGO STAINLESS EQUIP Tel-Tru Item No.: 41CSCH77BGNAAAA-10
 Customer P.O. ID: C13173 Model No.: SAA376R
 Customer P/N: _____ Stem Length: 4.5" x .375" D
 Sales Order ID: TU40743 Temp. Range: 0/150C

CERTIFICATION EQUIPMENT USED:

Description: Certified Glass Thermometer ASTM No.: 65F Serial No.: 3090965

TEMPERATURE CALIBRATION:

Serial No.: 3042079
 Setpoint: 65.6C

Checkpoint	Bath Temperature	Actual Reading	Deviation
<u>65.6C</u>	<u>65.6C</u>	<u>65.6C</u>	<u>0</u>
<u>10C</u>	<u>10C</u>	<u>9.5C</u>	<u>0.5</u>
<u>104.4C</u>	<u>104.4C</u>	<u>104.5C</u>	<u>0.1</u>

The above Gas Actuate Thermometer has been calibrated to a standard traceable to NIST and the readings are correct to within +/- 1 % full scale, or +/- 1.5 °F/°C.

Date Tested: 02/11/13

Calibrator: Barbara Longue

QA Engineer: Scott Bja
